Professional Summary

Results-driven Computer Science & Engineering graduate with hands-on experience building scalable, responsive web applications using React, JavaScript, and Tailwind CSS. Proven leadership managing 100+ participants in high-pressure field operations. Eager to contribute to Amazon's customer-obsessed engineering culture, apply strong problem-solving skills across cross-functional teams, and deliver impact at scale.

Technical Skills

Languages: Python, JavaScript (ES6+)
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap
Tools & Platforms: Git, GitHub, VS Code, Android Studio, Figma, Vercel, Render, Packet Tracer
Database: MongoDB
Soft Skills: Leadership, Customer Focus, Problem-Solving, Teamwork, Communication

Experience

Engineering Trainee (Part-Time) | *Digital Flexiload – Online Recharge & Customer Service* Jan 2023 – Present
Dhaka, Bangladesh

- Managed daily digital transaction workflows ensuring >99% accuracy across online mobile recharge operations.
- Resolved customer inquiries and technical service issues with high satisfaction, handling escalations efficiently.
- Monitored digital service reliability and contributed to system updates, improving overall operational efficiency.
- Supported promotional campaign rollouts by guiding 100+ customers in selecting suitable service packages.

Lead Monitor, LFE Program | *Independent University, Bangladesh – Sreemangal BLC* Summer 2025
Sreemangal, Bangladesh

- Led end-to-end academic and logistical operations for 91 students, coordinating a multi-person monitor team.
- Maintained safety standards, enforced discipline protocols, and managed real-time issue resolution in the field.
- Earned **Best Monitor Award** for the second consecutive time, demonstrating consistent high performance.

Monitor, LFE Program | *Independent University, Bangladesh – Bogura TMSS* Autumn 2024
Bogura, Bangladesh

- Coordinated logistics and provided hands-on student support for 114 participants across a multi-day field program.
- Handled conflict resolution, safety compliance, and stakeholder communication with faculty and local partners.
- Awarded **Best Monitor Award** for exceptional leadership, communication, and operations management.

Projects

Clothing-Store E-Commerce Website | *React.js, Tailwind CSS, HTML* [GitHub](#)

- Built a fully responsive e-commerce UI with dynamic product listings, mobile-first design, and smooth navigation.
- Implemented transparent navbar overlay, hero section, and light-mode theme optimized for user experience.

Expense Tracker Application | *React.js, JavaScript* [GitHub](#)

- Developed an interactive single-page application for managing personal expenses with real-time state updates.
- Designed an intuitive UI enabling users to add, categorize, and track expenses efficiently.

ShajSutro | *Next.js 14, React 18, TypeScript, Tailwind CSS, Express.js, MongoDB* [GitHub](#)

- Developed a modern minimalist fashion e-commerce platform with seamless product browsing, category filtering, and responsive user experience.

Education

Bachelor of Science in Computer Science and Engineering | *Independent University, Bangladesh* Jun 2020 – Present
Bashundhara R/A, Dhaka-1229

- Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming, Cloud Computing, Compiler Construction, Mobile Application Development, Web Application Development, Finite Automata.

Higher Secondary Certificate (Science) *Ghatail Cantonment College, Tangail* Jul 2017 – Jun 2019

Achievements & Activities

- Best Monitor Award (2x)** – LFE Program, Autumn 2024 & Summer 2025, Independent University, Bangladesh.
- 2nd Runner-Up** – Tech Fest DBMS Project Showcase, Autumn 2023, Independent University, Bangladesh.
- Workshop:** MERN Stack Development; How to Write a Research Paper; Project Management for Development Professionals.
- Volunteer:** SETS Fest & Tech Fest (IUB); Walton ATS Expo, International Convention City Bashundhara.
